To: Parents, Employees, and Potential Occupants

Re: Notification of Upcoming Asbestos Abatement Project
Rentschler Building- Basement level, Renbrook School

To all potential building occupants:

This letter is to inform you that an asbestos abatement project will be conducted from August 13, 2024 through August 22, 2024 at Renbrook School in only the Rentschler Building on the campus located at 2865 Albany Ave, West Hartford, CT 06117.

The asbestos abatement involves removal of approximately 600 linear feet of pipe insulation, an assumed asbestos-containing door, and one window sash. The asbestos abatement will be performed by Haz-Pros, Inc. (CT License No 53.000055) and monitored by Mystic Air Quality Consultants, Inc. The work will be performed during the summer academic recess when no students or children under the age of eighteen (18) years of age will be allowed in the building. Renbrook School will post this letter on all entry doors to the building.

No children under eighteen will be allowed in the building until clearance is received from the project monitor. Our environmental consulting firm, Mystic Air Quality Consultants, Inc. will be onsite to monitor this project. Questions regarding this project may be directed to them at (800) 247-7746 (Attn: Christopher Eident) or to the Renbrook School Director of Facilities, Paul Madore or Chief Financial Officer, Kerry Doherty at (860) 236-1661.

Sincerely,

Matthew Sigrist
Head of School
